

Safe

Everclear

There is a little black hole in my loving cup
I feel so lost sometimes I just wanna give up
I don't wanna be strong, I don't wanna be brave
I'm just looking for a love in a world gone weird
Wanna be safe
I just wanna be safe

She is broken inside, she is just like me
She's out for looking for the man that she wants me to be
She is broken inside and it hurts so bad, yeah yeah
It makes her go looking for the daddy that she never had

I will never be the one who gives you what you need and crave,
oh
I'm just looking for a friend, yeah
I just wanna be safe
I just wanna be safe

Boys don't cry, men don't break
Spent your life wasted in a masquerade
You step out of line, you will lose your place
Yeah, don't wanna play this game
Girls get fire, ladies get grace
Spent your life looking for the fairy tale
Deep down inside, you just wanna be safe
We just wanna be safe

Big boys don't cry, men don't break
Spend your life wasted in a masquerade
You step out of line, you will lose your place
Girls get fire, ladies get grace
Waste your life looking for the fairy tale
Deep down inside
We just wanna be safe
Ooh, we just wanna be safe

Safe, safe, safe...
