

Sing Away

Everclear

I hear a voice in your room
When I'm alone at night
It reminds me of your life
It reminds me of your laughter
It reminds me of a better time before
Back before you decided
That you didn't want to be here anymore

I hear the poison in the voices of those awful words
Yes, I read the words they wrote to you
Those stupid, broken children
I wonder if they knew
Just how badly they were hurting you

Those victimizing victims
I wonder if they knew
What their shaming did to you
I wonder if they knew

Their words would make you want to find a place to hide
Yeah, I wonder if they knew
Their words would make you want to take your own life

Sing away, sing yourself away
Sing away from those that hurt you
Sing away the pain
Sing away, sing the words you want to say
Sing the words that tell the truth
Sing the words that keep you safe
Find your voice and sing away the pain

Woah, why didn't you talk to me
Why didn't you say you were afraid
Didn't you know my job in life was to keep you safe
Why didn't you come to me
Why didn't you wake me like you used to do
I was in my room 20 feet away
I didn't know you were so broken, I wonder if you knew
Your life is a song that will live in me and everything I do
Yeah, I wonder if you knew
Oh, I will always sing your song for you

Sing away, sing yourself away
Sing away from those that hurt you
Sing away the pain
Sing away, sing the words you want to say
Sing the words that tell the truth
Sing the words that keep you safe

I'll sing your life, I'll sing you to remember
Sing away (sing away)
Sing away (sing away)
Ohh, I'll sing your life, I'll sing you to remember
Sing away (sing away)
Sing away (sing away)

Ohh, I sing you when I dream of you

And you tell me sing away
I sing you when I dream of you
And you tell me sing away

I sing you when I dream of you
And you tell me you forgive me
Sing away
Ooh, I sing you when I dream of you
And you tell me that you love me
Sing away
Sing away
