Ah na ah na

Saying 'goodbye' is a no, no
Is it only something you say as a greeting? no, no
Don't get the situation? yeah, yeah
It means hide so I can't see you, just go away

I'll count to three so hurry yeah, yeah
Enough excuses now blah, blah
If possible, go as far away as you can
I just wanna let you know, stay out of my sight

Why do you make me feel so small
I always go round in circles for you
Why do you make me so sad
I should've been the main character in the first place

Goodbye, au revoir, adiós (what?)
Goodbye, au revoir, adiós (yeah)
Goodbye, au revoir, adiós (shh)
Goodbye, au revoir, adiós

Goodbye, au revoir, adiós
Lalalala oh hey

See you later, don't need anything, see you later
Goodbye, au revoir, adiós
See you later, don't need anything, see you later
Goodbye, au revoir, adiós

I don't seem like myself? then I wanna go bang bang
You think it's a joke cause I'm laughing, want me to hang man
Na na to the a a to the no no no
Let me end this, now with you it's go go go

Love me hate me, several times a day going crazy
Like this I'm, oh latata
Hope you keep your mouth shut of anything about me
I just wanna let you know, don't let it get to my ear

Why do you make me feel so small
I always go round in circles for you
Why do you make me so sad
I should've been the main character in the first place
