Yeah, EVERGLOW

Hit the drums, pa rum pum-pum-pum-pum-pum
Go ahead and sing, tra-la-la-la-la-la-la-la

I'm going in fierce from the start
Don't be shocked
I'm spreading by word of mouth
They say that kid that just passed by isn't average

This deep jungle is just a thrilling playground to me
Alright I've chosen
Nananananana
I'll leave my name in that heart of yours
So, you had better run

You're so done
You're so done
Now you're done
Trapped in my light (Dun! Dun!)
Like a young lamb
Dun
Baby you'll be frozen

I'm more fearless
Than I look so strong
Don't let down your guard
Or I'll flip the tables bomb, the bomb
I'll dominate in a flash and leave you breathless
Talking cool but my gestures are hot like uh
Elegantly now I
Won't stop, can't stop I'm aiming for you

Even if you run it's a deserted island
Alright it's all over
Nananananana
I'll leave my image in that heart of yours
So, you had better run

You're so done
Now you're done
Trapped in my gaze (Dun! Dun!)
Like a young lamb
Dun
Baby you'll be frozen

Deeper and deeper I'll dig into you
Clutching to the end without a doubt
Hail me (you'll stare)
Shout my name (you'll call)
That's right (you're mine)
I've seen right through you

You're so done
You're so done

Now you're done
Trapped in my gaze (Dun! Dun!)
Like a young lamb
Dun
Baby you'll be frozen
(Dun! Dun!)
(Dun! Dun!)
Baby you'll be frozen
