EVERGLOW

You used to be afraid of the dark night (ah yeah yeah)  
Hiding without anyone else knowing (ah yeah yeah)  
No one say happy ending  
You stayed silent and ran away  
(Here we go here we go like)

Knock knock there's a monster  
It's growing larger, the black hole inside of you  
When you back uh?

The howler has swallowed you, that's the killer  
Don't be afraid, hold my hand

Your past is making you scared  
But know your power  
For the final time, be first

You know that I come first  
I'm the winner winner winner  
Yes, it's the last melody  
To save save save you (so don't keep)

Don't be deceived by the lie  
That there is no light in this world, together we will  
Dream a dream that's never been seen before  
Dream a dream that's never been seen before

(Ya) It's ok if you fall (stand up)  
It's you (hands up)  
Faster, stronger, better, gotta be the best

Between night and day  
Aaround 5:30AM  
A war without loyalty will suffocate you  
This is a foul

Lies, darkness, truth, ecstasy, fantasy, my candle makes  
You explode like a fireworks of melodies in the dawn  
Don't be afraid, hold my hand

Your past is making you scared  
But know your power  
For the final time, be first

You know that I come first  
I'm the winner winner winner  
Yes, it's the last melody  
To save save save you (so don't keep)

Don't be deceived by the lie  
That there is no light in this world, together we will  
Dream a dream that's never been seen before

I'm breaking down the walls, crossing the lines  
I won't shrivel up, I'll jump over  
One step  
You got me now got me now  
Two step  
Don't slow it down slow it down

Shout towards the sky that comes to you  
Hold onto the key of hope  
Ey

You know that I come first  
I'm the winner winner winner  
Yes, it's the last melody  
To save save save you (so don't keep)

Don't be deceived by the lie  
That there is no light in this world, together we will  
Show them something they've never seen before, first  
Let them hear something they've never heard before, first  
Teach them something they've never known before, first
