

# The Beholder

Evergrey

Sun sets the light's in slow decay  
A search that never stop but change  
And all I ever had has now been washed away  
And even though I know my tide is coming  
I feel a need to stay right here

Sun sets the light's in slow decay  
I drown and now I drift away  
I'm at the river bottom  
Let the river flow  
Because I

Never  
Never felt I found my way  
I feel like the...  
Like the inside's my enemy  
Never  
Never felt I found my way out  
Never felt I found the way out

Run all you can to prevent that your heaven's falling  
And I can't save your soul  
Your drowning and you drift away  
I feel my faithlessness has overthrown me  
Let river life run through your darkest days  
I'm at the river bottom  
So let the river flow

Never  
I never felt I found my way  
I feel like the...  
Like the inside's my enemy  
Never  
Never felt I found my way out

Listen child you'll grow older  
You will see and become a beholder

'Cause I have tried my hardest  
And can't believe I don't know  
Because I know all the hurting  
I always faced this alone

There is a path to be found and  
You've got to reach there on your own  
So many worlds to discover  
So many more than you'll know  
You'll finally leave this hurting  
To never more feel alone (I feel alone)  
And stand on top of all burdens  
A brand new world to know  
And soon you're so much wiser and then you're free  
To become  
A beholder

Never...
