

## It Ain't Easy

Everlast

I got a heart with a zipper and  
I got a scar from the stitches and  
I got nothin' on my hands but time  
I'm tryna get an upper hand  
Find a woman that'll understand  
Waiting on some kind of sign

I know it ain't easy  
Sometimes waiting is the hardest part  
Ain't easy  
When your whole world keep falling apart  
Ain't easy  
Tryna get right from the very start  
Ain't easy  
Sometimes waiting is the hardest part

And now world is a picture frame  
And I can almost hear a name  
I need a woman that'll made me kinder  
I got a wish in a photograph  
Of a woman that'll made me laugh  
Don't worry that I'm never gon' find her  
Just take your time  
Don't waste your time

Ain't easy  
Sometimes waiting is the hardest part  
Ain't easy  
When your whole world keep falling apart  
Ain't easy  
Tryna get right from the very start  
Ain't easy  
Sometimes waiting is the hardest part (hmm-mmm)  
Ain't easy (No, it ain't easy)  
Sometimes waiting is the hardest part (Ohhh)  
Ain't easy (Ain't easy)  
Whole world keep falling apart (whole world, yeah)  
Ain't easy  
Tryna get right from the very start (I know)  
Ain't easy (No, it ain't easy)  
Sometimes waiting is the hardest part (Ohhh)  
No, it ain't easy, ohhh  
No, it ain't easy
