

# The Culling

Everlast

Fire sale, chemtrail, apocalyptic hieroglyph  
Try to riff, wind up stiff, find a spliff, smoke it  
Light the fire, turn it higher, burn a while, work for hire  
Your desire, dire stakes get brokered  
Colonize, gentrify, do or die, Semper Fi  
Simplified sympathy, Marley Marl symphony  
Cold chilling, top billing, body count, cop killing  
Supervillain rivalry, mighty hard nemesis  
March from the genesis to the omega  
Hit the bodega, arm-legga-legga  
Arm-head mega, shine like Vega  
Blackhole, supernova, superlover, Casanova  
Golden era terror, Goldyn Chyld whilin'  
Reservoir K-9, clans from the Highland  
Syndicate assassin, heartbeat's bionic  
Ancient masonic, sons of Mantronik

The culling is coming, grab your guns  
Stack cash funds, fathers teach your sons  
When politicians talk - assume they're lying  
Living on your knees - much worse than dying

Smartphone, spy drone, microphone, God stone  
Home alone, Al Capone, Skull & Bone, terror dome  
Satellite, socialite, Neophyte, troglodyte  
Outta sight, parasite, chocolate white, Canaanite  
Satanic Vatican, tyranic architect  
Organic archetype, volcanic dialect  
Titanic visual, ironic imagery  
Iconic ritual, bionic symmetry  
Sacred mathematical, live from the tesseract  
Surgically tactical, spine of a silverback  
Sign of the zodiac, megalomania  
Cardiac heart attack, talking red, walking dead  
Zombified, Columbine, all the time, fast rewind  
Raise the flag, back it out, flood the hood, rack it out  
On the news, keep it quiet, sell the lie, make 'em buy it  
Make a trial, start a riot, find a threat, classify it
