

It was all so crystal clear  
words like music in my ear  
we had it going on  
but something's wrong  
something's changed  
'cause when I'm with you these days  
you feel a million miles away  
connection's not so strong,  
what's going on, what's going on?

'cause everytime I try to talk to you  
I end up feeling so confused  
like you can't hear a word I'm saying  
when I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
it's so tragic  
I feel static..  
between us

You turn your back  
then you take my hand  
it's getting hard to understand  
is it you, is it me?  
is it time or space you need?  
when you're here, you're not around  
communications breaking down  
if I say goodbye to you will that get through  
will that get through?

'cause everytime I try to talk to you  
I end up feeling so confused  
like you can't hear a word I'm saying  
when I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
it's so tragic  
I feel static..  
between us

Feeling's faded in and out  
tell me what to eager now  
hold tight, or let go?  
oh I don't know  
heaven are you really there?  
or have you disappeared?  
oh I can't tell  
it's like I'm talking to myself..

'cause everytime I try to talk to you  
I end up feeling so confused  
like you can't hear a word I'm saying  
when I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
it's so tragic  
I feel static..

whoa-oh

'cause everytime I try to talk to you  
I end up feeling so confused  
like you can't hear a word I'm saying  
when I'm trying to get close to you  
I'm having trouble getting through  
I can't stand it  
it's so tragic  
I feel static..
