

# Shines On Everyone

Evermore

The same sun shines one everyone  
The same sun shines one everyone  
If I stumble or fall, it's good to know we share it all  
The same sun shines one everyone  
The same sun shines one everyone  
If I stumble or fall, it's good to know we share it all

Singing yeah  
We've come undone  
Yeah there's water in my lungs  
Yea we've come undone  
This heart it weighs a ton

The same sun shines one everyone  
The same sun shines one everyone  
If I stumble or fall, it's good to know we share it all

Singing yeah  
We've come undone  
Yeah there's water in my lungs  
Yea we've come undone  
This heart it weighs a ton

Singing yeah  
We've come undone  
Yeah there's water in my lungs  
Yea we've come undone  
This heart it weighs a ton

The same sun, on everyone  
The same sun, on everyone  
The same sun, on everyone
