

Little Dancer

Every Little Thing

Dance with me
Dance with me
Dance with me
Dance with me
He's like the morning sun,
so pure and so serene
A picture in a world of
sunshine smiles
and dancing feet
(woah) Little dancer
Have a little dance with me
He's so unserious
like a joyous melody
with a twinkle in his eye
filled with curiosity
(woah) Little dancer
Have a little dance with me
Little Dancer you're so sweet,
Little Dancer
all light and energy
Little Dancer so carefree,
Little Dancer
I like the way you
move your feet
Little Dancer you're so sweet,
Little Dancer
you bring happiness to me
Little Dancer so carefree,
Little Dancer
have a little dance with me
One day I hope to have

somebody like you,
if lady luck is
smiling down on me
oh but for now
I'll never be in better company
Little Dancer you're so sweet,
Little Dancer
all light and energy
Little Dancer so carefree,
Little Dancer
I like the way you
move your feet
Little Dancer you're so sweet,

Little Dancer
you bring happiness to me
Little Dancer so carefree,
Little Dancer
have a little dance with me
Little Dancer you're so sweet,
Little Dancer
all light and energy
Little Dancer so carefree,
Little Dancer
I like the way you
move your feet
Little Dancer you're so sweet,
Little Dancer
you bring happiness to me
Little Dancer so carefree,
Little Dancer
have a little dance with me
Dance with me
