

Bad Friday

Everything Everything

(It was a Friday night, it was a Saturday night...)

It was a Saturday night
You were looking for me
I was standing on my own
It was a Saturday night
You were looking for me
I was running for my life

Ooh, could this be the millionth warning?
Ooh, does this mean I'm gonna get out?
Ooh, could somebody give me an answer
Ooh, that shape-shifter coming for me

I could not remember in the morning
I could not remember in the morning
I could not remember in the morning
I could not remember in the morning

You must have bust me out of my head
I'm wondering how did I get this blood all over me
I got the pictures here on my phone
I can't remember (Was it a Friday night?) was it a Saturday night?

It was a Saturday night
You were coming for me
I was scared for my life
It was a Saturday night
You were hunting me down
But I could not be found

Ooh, could this be the millionth warning?
Ooh, does this mean I'm gonna get out?
Ooh, could somebody give me an answer
Ooh, that shape-shifter coming for me

I could not remember in the morning
I could not remember in the morning
I could not remember in the morning
I could not remember in the morning

You must have bust me out of my head
I'm wondering how did I get this blood all over me
I got the pictures here on my phone
I can't remember (Was it a Friday night?) was it a Saturday night?

You must have bust me out of my head
I'm wondering how did I get this blood all over me

I can't remember (Was it a Friday night?) was it a Saturday night?

I could not remember in the morning
I could not remember in the morning
I could not remember in the morning
I could not remember in the morning

Shape-shifter coming for me

You must have bust me out of my head
