

Into the hoodoo mall
You take the aerosol
Here where the Lamprey lies
It ate a lot of French fries
Come where the shadow-men spoke
Come where the mother bleeds yolk
To fertilise your eggs
Become the silhouette

It's been a pleasure and I hope the world will last for you
The land is now a labyrinth and yes they're putting something i
n the water
Yeah, in the water
And all your buddies say it's cool and so you do it but the see
d
Inside your skull is now a watermelon and you're like "whatever
"
Eh, mm, whatever

Give your body to the hex
Give your body to the eggs
(Eggs!)

And where the fivelight burns
They will deliver three girls
You make the foolish grin
You flap around in pigskin

It's been a pleasure and I hope the world will last for you
The land is now a labyrinth and yes they're putting something i
n the water
Mmm, in the water, whatever, whatever

Give your body to the hex
Give your body to the eggs
Give your body to the eggs
Give your body to the hex

Come where the goatman spoke
Come where the mother bleeds yolk
To fertilise your eggs
Become the silhouette

Give your body to the hex
Give your body to the eggs
Give your body to the eggs
Give your body to the hex
