

I Believe It Now

Everything Everything

Is this the place where all our hopes and dreams are piled and burnt?

Into the waterslide, into the flames I'm light
But they're watching us lift off as the chasms open up
It took me a century, but I'm starting with tonight

I believe it now! (eeeeee)
I believe it now! (eeeeee)
I believe it now! (eyyyyyy)
I believe it now! (eyyyyyy)

The veins of earth's the bane of us, a blur beneath me now
I take your hand in mine, you're just a ball of fire
You're the animal for me, you're the animal for me
A blade through the atmosphere and we leave it here tonight

I believe it now! (eeeeee)
I believe it now! (eeeeee)
I believe it now! (eyyyyyy)
I believe it now! (eyyyyyy)

You're the animal for me
You're the animal for me

I believe it now! (eeeeee)
I believe it now! (eeeeee)
I believe it now! (eyyyyyy)
I believe it now! (eyyyyyy)

I believe it now! (eeeeee)
I believe it now! (eeeeee)
I believe it now! (eyyyyyy)
I believe it now! (eyyyyyy)
