

I'm leaving  
Put me on another train north  
No matter  
If it's gonna swallow you up  
I don't wanna leave this place  
Leave me in a corner, I'll be in the corner  
I don't wanna [?]  
I don't wanna hear it, I don't wanna hear it

But maybe you could be my friend  
Maybe you could be my friend  
Maybe you could be my friend  
Maybe you could be my friend

Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo

I'm watching  
Every movement under my skin  
I'm aching  
Even on the back of my head  
Maybe I'm the perfect one  
Even in a distance, you'll be in a distance  
Maybe I'm the perfect one  
This is all that happened, I don't wanna leave it now

Maybe you could be my friend  
Maybe you could be my friend  
Maybe you could be my friend  
Maybe you could be my friend

It's over  
Maybe the worst is over (The worst is over)  
Maybe the worst is over (The worst is over)  
Oh, whoa, whoa, whoa, whoa, eee, ah

Maybe you could be my friend  
Maybe you could be my friend

Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout indigo, talking 'bout indigo, talking 'bout indigo  
Talking 'bout
