Ivory Tower

Everything Everything

Pin the bunting on the gallows Dance around it with your blackface on And we all made a vacuum, we all made a vacuum for this Throw your keys into the water Come and crush me in a Waitrose aisle You can strain till your tongue splits Pounding me under your fist

We didn't think that it would happen and we never will We didn't think that it would happen and we never will Yeah I can think of nothing else but this, but this machine I can think of nothing else but this, but this machine

I'm in my ivory tower, I'm in my ivory ivory I'm in my I'm in my ivory ivory I'm in I'm in my ivory tower, I'm in my ivory Hey they did enjoy unscrambling the brain Of just a man He didn't even think of anything They didn't even think of it All I learned from this Was how much I could hate the state we're in You'll find me in my tower

Do you know what makes me happy? When I clothe you in a swarm of bees And the world is my ashtray, the world is my ashtray tonight Shave my head and call me monkey Let me see you with the CAPS LOCK on If we're all apoplectic then I'll be the nitpick alright

We didn't think that it would happen and we never will We didn't think that it would happen and we never will Yeah I can think of nothing else but this, but this machine I can think of nothing else but this, but this machine

I'm in my ivory tower, I'm in my ivory ivory I'm in my I'm in my ivory ivory I'm in I'm in my ivory tower, I'm in my ivory Hey they did enjoy unscrambling the brain Of just a man He didn't even think of anything All I learned from this Was how much I could hate the state we're in Come find me in my tower

I'm in my ivory tower, I'm in my ivory ivory I'm in my I'm in my ivory ivory I'm in I'm in my ivory tower, I'm in my ivory ivory I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in I'm in my ivory tower, I'm in my ivory ivory I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in I'm in my I'm in my ivory ivory I'm in
