

# Leviathan

## Everything Everything

Cool night and it moves so slowly  
Slithering and slithering and slithering among us  
I could be alone but I wanna be together  
If it's okay with you  
Grey dark, swallowing often  
Looming in the distance, never coming near  
I'm missing you, I'm missing you, I'm missing you for real  
Under Leviathan

There you go  
I know it has to be

Wake now, it's only a shadow  
Nothing's gonna happen to you while you're with me  
How'm I gonna make all my daggers into leaves?  
Nobody has to know  
The chainmail no bullet can enter  
Wear it and remember me as I remember you  
And when the mountain moves me, you'll know what to do  
Into the afterglow

There you go  
I know it has to be  
Away you go  
The tentacles are here

When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
You know you are  
You're my beginning

There you go, mmm  
I know it has to be  
Away you go  
The tentacles are here

When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you  
I fell in love  
I had to smile  
Because you knew it  
When I saw you

I fell in love  
You know you are
