### Everything Everything

What's in the rucksack, John?  
(Scalps for my pretty wife)  
Where did you get them from?  
(Came with my hunting knife)  
So have you killed someone?  
(Please tell me how to sleep)  
You look so crazy hounded!  
(Me or my enemies?) Hey!

Call me  
When I'm sleeping, you're (sorry)  
Moaning on, you so (worried)  
And how you're bored of this (wasteland)  
Shuddering, vomit and (way sad)  
Back in the saddle, the (big man)  
But we don't need you now
