

# My Computer

## Everything Everything

Robot  
You got the moves  
So cool  
Your place or mine?  
Robot  
Unemotional  
Easy  
Eat me alive

'Cause you can bend, you can slide  
You can push me to my limit  
You can run, you can crush  
Every blue boy on the planet  
You're in love with the future, I don't know why  
You're in love with the future, I don't know why  
And you can hide, you can seek  
With that ultraviolet ammo  
You can sing, you can play  
My ribcage like piano  
You're in love with the future, I don't know why  
You're in love with the future, I don't know why

Robot  
Magical  
Big sums  
Would take me a while  
Robot  
Your face is weird  
Shark eyes  
Slave to the algorithm

'Cause you can bend, you can slide  
You can push me to my limit  
You can run, you can crush  
Every blue boy on the planet  
You're in love with the future, I don't know why  
You're in love with the future, I don't know why  
And you can hide, you can seek  
With that ultraviolet ammo  
You can sing, you can play  
My ribcage like piano  
You're in love with the future, I don't know why  
You're in love with the future, I don't know why

(Boy, you have the face of a grown man)  
(Boy, you have the heart of a grown man)

'Cause you can bend, you can slide  
You can push me to my limit  
You can run, you can crush  
Every blue boy on the planet  
You're in love with the future, I don't know why  
You're in love with the future  
And you can hide, you can seek  
With that ultraviolet ammo  
You can sing, you can play  
My ribcage like piano

You're in love with the future  
You're in love with the future
