

Shark Week

Everything Everything

Is it Shark Week, sugar, or did somebody scream?
Stone fingers on the dial, it's a pleasure for me to call police
Like, "Oooh, can you come to the house that doesn't exist?"
Yeah, that's gonna be difficult now
And the fox in the alley is as dead as the Holy Burger King

I said hey
Do you think you got everyone under your control?
When you haven't got anyone, anyone at all
I got the strength of a million rising up inside
I won't let me die

(Another day, another day, another day, another day)
(Another day, another day, another day, another day)
(Another day, another day, another day, another day)
(Another day, another day, another day, another day)

Is that Kevin in the car? He's a cabbage like me
He's Obama in the streets, but he thinks he's Osama in the sheets

I said hey
Do you think you got everyone under your control?
When you haven't got anyone, anyone at all
I got the strength of a million rising up inside
And I won't let me die

'Cause I'm leaving tonight
I'm leaving tonight
And I don't care
'Cause I'm leaving tonight
Yes, I'm leaving tonight
And I don't care
Yes I'm leaving tonight
I'm leaving tonight
And I don't care
It's six in the morning and I'm only transforming, woah

Is it chimp season, baby, or am I in a cage?
Grab your pitchfork, open up the trigger
It's time for this to end

I said hey
Do you think you got everyone under your control?
When you haven't got anyone, anyone at all
I got the strength of a million rising up inside
And I won't let me die
