

## The Actor

### Everything Everything

I was unafraid  
Knew it was time  
The plan was gonna work  
So perfectly because he

Fit my clothes and has a face like mine  
If he acts the same  
Then I don't mind at all

We met under the moon  
Nothing was said  
It's easier for him  
To take on everything, he

Fit my clothes and has a face like mine  
If he acts the same  
Then I don't mind at all

It was easy

I handed him my codes  
I laid beside the landing strip  
I felt another hand  
Was opening because we

Fit my clothes and have a face like mine  
If we act the same  
Then I don't mind at all
