

The Meadows

Everything Is Recorded

One of us goes
One's left behind
Always in my heart
Always on my mind

I'll follow you
Reach out your hand
Someone leaps first
Both of us will land

One of us goes
One's left behind
Always in my heart
Always on my mind

I know that you're still with me
I know that you're still with me
I know that you're still with me
Every door must close
I know that you're still with me
I know that you're still with me
I know that you're still with me
Every door must close

I'm leaving you
Or are you leaving me?
Triple double diamond
Gethsemane

One of us goes
One's left behind
Always in my heart
Always on my mind

One of us goes
One's left behind
Always in my heart
Always on my mind

I remember your welcoming and friendly face to whoever I brought home
Always seeing the good in everybody
I remember you telling me that people need loving the most
When they deserve it the least
I remember your voice as you sang
So many songs
I remember your special ways of watching over me
And keeping me safe
On to your next adventure, but you never ever gave up
Open hearted, open house, open arms
I received nothing but unconditional love
Ever loving
Always smiling
Her love for those she met radiated from her
She had forgiveness at her very core
And she was able to see the good in all people
She loved everyone
And she loved us
