

Burnt Tapes

Eves Karydas

You and me
Burnt tapes
No one has to know
No one has to know
You and me
Not a trace
No one has to know
No one has to know

This is the kind of love that could ruin my life
Oh yeah yeah yeah yeah
You could be the love to ruin my life yeah

You and me
Clean break
But it's never really over
Never really over
You and me
Worst case
Over exposure
Over exposure

This is the kind of love that could ruin my life
Oh yeah yeah yeah yeah
So would you be the love to ruin my life yeah?

You and me
No mistake
In the same place at the same time on the same day
Memories all erased
Burnt tapes
Burnt tapes

You and me
Winter break
In the same place at the same time on the same day
Memories never fade
Burnt tapes
Burnt tapes
