

# Must Be Love

Eves Karydas

I couldn't ask for more  
You're filling all blank spaces  
And when you're gone I'm bored  
That's an understatement  
And we turn off the light by each other's side  
We do it every night so  
Call it what you want  
You don't have to say it

No no this won't make me lose sleep

I'll keep singing, our praises  
We're so amazing  
Although I'm not gone, now say it  
It must be love  
It keeps coming like crazy  
[?] all the cages  
Although I'm not gonna say it  
It must be love yeah

It's something beautiful  
I think we're going places  
It's like we're showing off  
Almost ostentatious  
You put the sun in my sky  
If you look in my eye  
You're the apple inside so  
Call it what you want  
You don't have to say it

No no this won't make me lose sleep

I'll keep singing, our praises  
We're so amazing  
Although I'm not gone, now say it  
It must be love  
It keeps coming like crazy  
[?] all the cages  
Although I'm not gonna say it  
It must be love yeah

I was unconscious before  
[?] heaven is here is all  
I've never needed him more  
You're like the sum of my liquid gold  
Oh darling I know  
You won't leave me out in the cold  
I don't think we'll ever get cold

I'll keep singing, our praises  
We're so amazing  
Although I'm not gone, now say it  
It must be love  
It keeps coming like crazy  
[?] all the cages  
Although I'm not gonna say it  
It must be love yeah
