

## Blasphemy Divine

Evildead

Brainwashed innocent minds  
Cheated the old, the sic, and blind  
Who cares the congregation's lost  
This faith breeds greed, not profit loss  
Rotting from inside for thousands of years  
Prey on the weak, exploiting their fears  
Creating temptation to control the masses  
Hiding the truth behind rose tinted glasses

Our Father Who art in hell  
I'll knell if it serves you well  
Salvation came too late  
For the sinners that you create  
Immortal judgement, and demonic decisions  
For lying to children and Holy derision  
Savior illusion, man-made conclusion  
Delivered us unto evil, and hate

YOUR LIES, undone  
You'll reap what you have sown  
YOUR FARCE, shall end  
Justice for those you've condemned

Our Father Who art in hell  
I'll knell if it serves you well  
Salvation came too late  
For the sinners that you create  
BURN! Your flesh will be fire  
REPENT! Your perverted desires  
DIE! With the witches and priests  
RISE! And taste your defeat
