

## Raising Fresh Hell

Evildead

You know it's all over town  
People see us around  
We're back with a new attitude  
We're tearing places apart  
Coming straight for your heart  
We're still the boys from the old school  
Such a monstrous sound  
Can't keep your feet on the ground  
Into the pit, you mosh and groove  
Oh yes, were Raising Fresh Hell  
In case you can't tell?  
The dead is back with something new  
Time! Moves so slow and then you're gone  
Thrash! The ultimate feel when you hear the song  
Scream! From the top of your lungs as we go off  
Blast! Right through the pit where you belong.  
We're on a mission can't stop us now  
The dead is coming to destroy your town  
Raising...Fresh Hell - Raising...Fresh Hell  
Raising...Fresh Hell - Raising...Fresh Hell  
We're on a mission can't stop us now  
The dead is coming to destroy your town  
With all out fury breaking all the rules  
Controlled chaos sets the mood  
You know it's all over town  
People see us around  
We're back with a new attitude  
We're tearing places apart  
Coming straight for your heart  
We're still boys from the old school  
Such a monstrous sound  
Can't keep your feet on the ground  
Into the pit, you mosh, and groove  
Oh yes, were Raising Fresh Hell  
In case you can't tell?  
The dead is back, and we're going to take your life
