

Without a Cause

Evildead

Superficial, shallow, trendy, and without SUBSTANCE
I can see through your disguise try without SUCCESS
To perpetrate an image,
You're done before you finish,
Go teach someone else, I think for myself

And I don't wanna know - I DON'T GIVE HALF A SHIT
I don't wanna know - I AM SO SICK OF IT

Write a song, right a wrong
Earth Day, go away
Send some cash and I'll save your soul
They're all self entitled
And they're calling the shots
You're classified by how much you've got

The homeless men and women
AIN'T GOT A POT TO PISS IN
Go preach somewhere else - We'll fight for ourselves.

Big words, little minds
It should come as no surprise
That you're not impressing me

We're pledging allegiance
Don't have to believe it
They're milking us for all we are worth
So get with program, and do as your told
You're a corporate slave until the rights to you are sold

You think you're so intelligent
You think you know it all
You think you're so important
Sorry but you're wrong
Don't try to change the world
It doesn't give a shit, about good intentions
And if you live or die for it
THERE'S NOTHING YOU CAN DO
I'm dead and so are you

Lead - Albert

They were, saving the rainforest
And cutting defense force,
They know what is best for us all
Speak for yourself, 'cause we live in hell
The sooner you accept it's best

United State\$ of Anarchy
Will suffocate in apathy
Land of the slaves and home of the greed
So many fought, so many died
Too make sure we all had the right
To talk our shit and speak our minds

But everyone's opinion
AIN'T WORTH THE POT THEY PISS IN

Go preach somewhere else
WE THINK FOR OURSELVES

And I don't wanna know
I DON'T GIVE HALF A SHIT
I don't wanna know
I AM SO SICK OF IT!
