

# Hell Unleashed

Evile

Awaken to hell  
A worthless existence  
Suffering  
Where death is persistence  
Prophesied  
To kill an ancient evil  
Death is divine  
The homicide has no end

A loss of control  
A reaping of souls  
Cannot stop the slaughter  
Until they all are deceased  
Violence and chaos in the realm of the beast  
Hell is unleashed

At the gates  
Look on at your demise  
Reckoning  
I see the torment in your eyes

Fear, the pain, confront all that you know  
Stripped, the flesh is rendered from your bones  
The light begins to dim  
Look upon the icon of sin

Exterminate  
In unending horror  
Annihilate  
In a waking nightmare  
Pulverise  
An infinite death toll  
Disintegrate  
For killing is the only way

A loss of control  
A reaping of souls  
Cannot stop the slaughter  
Until they all are deceased  
Violence and chaos  
In the realm of the beast  
Hell is unleashed

Hell...  
Hell is unleashed
