

# Long Live New Flesh

Evile

Long live the new flesh  
Long live the new flesh

Why must they destroy what they cannot understand?  
Imprisoned dreams are further slipping through old hands  
Ruler of the world alone becoming something never known  
What's real the void will terrify  
Infamy it will occur, be always seen and ever heard  
In disbelief you will remember

Long live the new flesh  
Long live the new flesh

Passages of time blurring ever changing lines  
Visions of temptation, the destroyer awaits the sign  
Empathy a solemn weight for captive thoughts within the gates  
A stain of mind with no reprieve  
Curious the mind aware delivered of inhuman cares  
In disbelief you will remember

Long live  
New flesh  
Long life  
New flesh

Misgiven  
No control  
Dark secrets  
Long live new flesh

Long live the mind possessed  
Long live the one request  
Replace the man before  
Resolve uneven scores  
Protect the clear law

Long live the new flesh

Reinforce, become aware  
Separate, within I stare  
Cure me of unrest  
Conceive the outcome  
Mirror be undone

Long live the mind possessed  
Long live the one request  
Long live the new flesh  
Replace the man before  
Resolve uneven scores

Long live the new flesh
