

Vitellius

Ex Deo

Dreadful and spiteful, I bring the spoils of war
My brutality is felt in every land I plundered
The fire in my eyes is beyond the skies...

I am Vitellius, the new King of Rome
Bow to my reign, kiss the ring of death

Tiberius, Caligula...
I feel the blood you installed upon me

From the hands of Egypt comes the rise of Vespasian
The oracles predicted a ruler from Judea will rule all of Rome
There's no way out from facing the sword of truth

The battle will be lost, and order restored
Glory to thee, as you fall in your own savagery
Emperor of death Vitellius...

Vespasian in the name of Rome
The eagle is bestowed...
