

# i know

Ex Habit

I know-ow-ow, oh, I know-ow-ow  
I know-ow-ow, I know you ain't scared of the fall

Now all these hoes wanna talk back  
Crave my love like a friend  
Saving you that I'm next up  
And only wanna see me win  
I like the sound of your voice, girl  
Like it when I make you scream  
Give it all for a night, baby, I got somewhere to be

So I'll fuck you like I want, fuck you like I need, fuck you like I mean to  
Put you on the floor, bruises on your knees, sweating like a heat stroke  
I could never fall hard, girl, that pussy's damn good  
You said no one had it so right

I'm like, baby, I know-ow-ow, oh, I know-ow-ow  
I know-ow-ow  
I know you want it all, oh-oh  
I know-ow-ow, I know-ow-ow  
I know you ain't scared of the fall

They don't gotta know  
How I've got you breathing  
Baby, I got you breathing slow  
One day I'll be gone  
Haven't need no reason  
But can you find your way home?

So, darling, stay (Faded)  
Don't try (Faded)  
Don't fall (Faded)  
I know you want this, I (Faded)  
Your eyes (Faded)  
But don't call (Faded)  
If you don't understand (Oh)  
I know-ow-ow, oh, I know-ow-ow  
I know-ow-ow  
I know you want it all, oh-oh (Oh-oh)  
I know-ow-ow (Ooh), I know-ow-ow  
I know you ain't scared of the fall (Ooh)
