

## All U Need

### Example

Only throw in the towel if you want to babe  
Only throw in the towel if you want to babe  
Only throw in the towel if you want to babe  
Your body made me write a new song today

You know what I like so  
If you wanna go, I'll go  
Don't do it like the book  
Don't give me that look like  
Like American Psycho  
You had me on arrival  
And if we're going to go viral  
I don't want to be a wife  
When I'm singing for my life on American Idol

You don't have to treat me like I'm princess Jasmine  
Fly me round the world or buy me stuff  
Take me to my room until we both can't stand it  
All you need to bring is your love  
All you need, need to bring  
All you need, need to bring  
All you need to bring is your love  
All you need, need to bring  
All you need, need to bring  
All you need to bring is your love

Sending me screen-grabs, sending me stills  
Got your voice in my head still when the melody kills  
I ain't even take you shopping out in Beverly Hills  
Head over heels off your ecstasy  
In the middle of the night when you're next to me  
And in the middle of the day when you says to me  
And the way you show me the specialities [?]  
Head to head with me, open sesame  
Whatever the time will allow us  
I don't care who's wearing the trousers  
Threw the flowers in the bin  
When I met her in the doorway  
We can do it your way  
What's your forte?  
Hours and hours of wow in my tower [?]  
Show me your powers  
Only stop for a shower

Only throw in the towel if you want to babe  
Your body made me write a new song today

You don't have to treat me like I'm princess Jasmine  
Fly me round the world or buy me stuff  
Take me to my room until we both can't stand it  
All you need to bring is your love  
All you need, need to bring  
All you need, need to bring  
All you need to bring is your love  
All you need, need to bring  
All you need, need to bring  
All you need to bring is your love

Whatever you dreamt of  
Whatever you feel  
I'll put you on the pedestal  
The pleasure is real  
Got me bidding for you  
Everything incredibly thrilled  
I didn't pay a single penny  
'Cause you're seventy mil  
You've got the body of a Purple Aventador  
I never knew the human body so flexible  
And if whatever you just did was intentional  
Not be sensible  
Fuck conventional  
And the moment you doubt you pulled it off today  
'Cause you've done yourself proud from the off, okay?  
Only throw in the towel if you want to babe  
Yeah, Your body made me write a new song today

A couple of months gone and I'm writing your an album  
Step into the limelight  
Didn't know the outcome  
[?] Magically consummate  
You're Harry Potter showing off his new wand today

All you need, need to bring  
All you need, need to bring  
All you need to bring is your love  
All you need, need to bring  
All you need, need to bring  
All you need to bring is your love
