Uh, uh, Elliot, yeah, it's Lawrence
Been meaning to catch up with you regarding the new batch of de
mos
I know we had to cancel dinner the other week 'cause of my trip
to Miami
Anyway, it's me and Caspian, we're here
Hi Elliot, yeah, Caspian here, hope all is good
Yeah, thanks, yeah
We had a meeting just now, all the team here, we really love th
e new songs you've been doing, especially the one in L.A with G
rammy boy Lammy
But I feel, we feel
Yeah, we feel (We feel)
That none of 'em are cutting it to be honest (No)
We know you know the club world better than us (Yeah, yeah)
But if we're gonna get Peter McPlaylist at Radio Uno (Radio Uno
, yeah) to give you the hottest record in the galaxy then you'r
e gonna have to go back to some of the more, you know, like, yo
u stuff, you know, uh-
Elliot, if you don't mind me interjecting, Lawrence, sorry
I had a great chat with Tony Don't Phone Me at London City FM a
nd he felt that your relevance lies in your ability to speak to
like, students of today, whilst also like, you know, being abl
e to ride a funk-, not funky, but like a dirty, subby, baseline
, like, sort of like Dizzee, Bonkers (Yeah, yeah, exactly Caspi
an)
Keep the drums and claps a bit more house rather than EDM, if y
ou get me?
Like, like Jax Jones and Duke Dumont (Yeah)
But with your voice on it and with like, hints of Stormzy's flo
w just to bring it up to date a bit more, if you get me?
Yeah, yeah, that kind of thing
Yeah, yeah (Yeah, totally, totally)
And we saw the big boss man in the canteen earlier (Yeah)
Aldente Presidenté (Mm, yeah, we saw him)
And he reckons if you can get Calvin Harris (Calvin, Calvin) to
play some flute on final production, we can probably twist som
e arms and use his name for a feature
Actually, he said jazz flutes
Yeah, yeah, actually, he did (He said jazz flute)
Anyway, anyway, shh, shh, shh, yeah
Just hit us back when you get this and don't worry about a thin
g, we're all really excited about the new direction
And uh, we'll see you at Glastonbury next week for a few toots
(Oh, more than a few)
Yeah, we'll be spending all of the leftovers from Black Eyed Pe
as, Graham Norton budget on the old Peruvian (Yeah, aha)
Yeah, see ya, bye

Yeah, bye
Yeah, shut up
Oh, okay
