

## Seen You

### Example

I'll carry the world on my shoulders  
Just for you  
Whatever the storm wants to throw us  
I'll stay true  
If I never get to be  
All the things I wanna be  
I wake up next to you each day  
And that's good enough for me

R: I'd seen nothing, I'd seen nothing  
I'd seen nothing till I'd seen you  
I'd be nothing, I'd be nothing  
I'd be nothing, you know that's true  
Seeing you, seeing you  
Seeing you  
Seeing you, the living proof  
I'd seen nothing till I'd seen you

(I'd seen nothing till I'd seen you)

Staring at a lonely road  
My stone cold heart lays comatose  
I'm overdosed on the free love, lost at the seafront  
What do I miss the most?  
It ain't freedom, never wanna bleed em dry  
Look em in my eye  
The coast is clearer as she draws nearer  
Smile cause you finally feel alive

R:

I'll carry the world on my shoulders  
Just for you  
I'll sacrifice everything  
Even though you don't want me to  
If I never get to see  
All the things I wanna see  
I wake up next to you each day  
And that's all I need to see

R: (2x)
