

## SIT DOWN GARY !!!

Example

I made some bad decisions lately  
But girl, I love the way you hate me  
If I was lonely, would you save me?  
Cause you always make it right  
Ayy, ayy

I might be slightly stupid  
I don't [?]  
This ain't no world exclusive  
I brought a problem  
We can't predict the future  
But for tonight do you mind  
I'm out my mind  
Do you mind I'm out my mind?

Baby girl, you can't beat me  
Bring your crew, you wanna beat me  
You really, truly meant it deeply  
Brain tomorrow feel so-so  
More than dead, just like dodos  
Backstreet in northern SoHo  
That's a no-no  
There you go, so

I might be slightly stupid  
I don't [?]  
This ain't no world exclusive  
I brought a problem  
We can't predict the future  
But for tonight do you mind  
I'm out my mind  
Do you mind I'm out my mind?
