

Someone to Die For

Example

Did you think that I'd forget
I can still remember
What I was like before all this disco
And yeah, I just can't remember
What your sad face looks like
This battle in my conscience
Chanting so much nonsense
Asking me daily who are my friends

Forgot just what my name was
Devil have me brain washed
Finally found my world again

A little bleed away
'Cause freedom's overrated
Thinking it over
And I'm gonna seize the day
'Cause freedom's overrated
Been thinking it over

I was so lost
I lost the plot
Now I need to strike what's behind this heart
It don't matter now I got
Someone to die for again
Someone to die for
Someone to die for again
Someone to die for
Someone to die for again
Someone to die for
Someone to die for again
Someone to die for
Someone to die for again
Someone to die for again

I was always trying to be facetious
Laughed in the face of teachers
Never tried to act like a heavenly creature
I was too aware of my facial features
Didn't really know how to chat to ladies
They used to look at me like I had the rabies
Even when they did wasn't that amazing
Only really asked about my dad's mercedes
Ten years later step my game up
Top the charts, gettin' start the party
The same pretty girls who would laugh at this lead
Now they wanna change the way they kiss me
Who we talking today getting carried away
You had a lovely woman threw your marriage away
Touch my sour daily with extravagant ladies
Went fucking crazy and happiness fades

We made a few mistakes
But we never worked hard then the few mistakes
I figured just before we're on auto pilot
No escape from american asylum
We had some good times and you can't deny them
I did a few things cut out the cypher

But we knew we had to change our life boy
Wassup , now I got a girl to die for

I was so lost
I lost the plot
Now I need to strike what's behind this heart
It don't matter now I got
Someone to die for again
Someone to die for
Someone to die for again
Someone to die for
Someone to die for again

I was so lost
I lost the plot
Now I need to strike what's behind this heart
It don't matter now I got
Someone to die for again
Someone to die for again
