

# Lost Control

Excalion

Day after day  
The same loop all over again  
Soon all will click  
And no-one can turn off my switch

Bing, bang, boom  
The bringer of doom  
Just like people drum  
Sirens wailing from the distance  
They will not catch me before I am done

I lose control (I lose control)  
I'm overthrown  
Things will fall apart (Things fall apart)  
Now I shall start

It was not me  
But the burden falls on me  
They will not see

Desolation  
I will make all of them scream  
Abomination  
This all seems like a dream

Bing, bang, boom  
The bringer of doom  
Just like people drum  
Sirens wailing from the distance  
Now I will pay for things that I have done

I lose control (I lose control)  
I'm overthrown  
Things will fall apart (Things fall apart)  
Now I shall start

It was not me  
But the burden falls on me  
They will not...
