

# My Time

Exhorder

Bend but don't break  
Feels like I've woken in a pile of rubble and brick  
Stabbing fast, and so deep in my bones  
Take me to zero  
Over and over again  
I'm dealing with assholes and snakes  
In a contest of pulsating dicks  
Listen up and take heed  
I'm coming through and I'm taking no shit, my friend

Both feet on the floor  
Headed for the door  
I've got no more to give your kind  
Too weak to notice  
My two week notice  
GO FUCK YOURSELF  
It's time, my time is mine  
I don't give fuck  
You're out of luck  
So go fucking whine

Slap to the face, passive aggression  
My promise, it never came true  
Monday will boomerang back to you soon  
Feeling so helpless  
Over and over again  
With the bullshit and cover your ass  
But the coffee's delicious and free  
Tired of feeling as if you don't fit  
So you just want to quit

Both feet on the floor  
Headed for the door  
I've got no more to give your kind  
Too weak to notice  
My two week notice  
GO FUCK YOURSELF  
It's time, my time is mine  
I don't give a fuck  
You're out of luck  
So go fucking whine

Now I'm the boss

Standing strong, deliver the fate and power that's steering the wheel  
Take it back to, beginnings of fear  
(still comes with the job?? No clue...)  
Over and over again  
Just forget about the time that is lost  
What's done simply can't be undone  
I've said it before and I'll say it now, son  
We have won

Over and over  
The cycle repeating  
You're dying
