

## Disgusted

## Exhumed

Morbidly transfixed  
With all that makes me sick  
A consciousness cleft betwixt  
Sanity and something worse  
With each thought perplexed  
By this mephitic hex  
So virulently vexed  
A brain about to burst

No longer fantasies  
Manifesting by degrees  
Tenebrous tendencies  
I now perceive

Disgusted  
Engulfed in the unclean  
Disgusted  
Inundated by thoughts obscene  
Repulsed and fascinated  
Enthralled and nauseated  
Disgusted

With each passing hour  
My waking dreams devoured  
Quivering, my conscience cowers  
From this thing that I've become  
Slashing through my eager mind  
Fantasies I'd feared to find  
Learning that I'm so inclined  
To let my empathy grow numb

And so I take this blade  
My choice now clearly made  
But once the violence fades  
A dread pervades

Disgusted  
Engulfed in the unclean  
Disgusted  
Inundated by thoughts obscene  
Repulsed and fascinated  
Enthralled and nauseated  
Disgusted

Repugnant, repulsive epiphany  
What the mirror reflects back at me  
A putrid portrait of lunacy  
Derangement taken hold utterly  
Viscera lay scattered  
Ichor want only spattered  
Sanity at last shatters  
Flesh left in tatters

Wretched, wrenching, retching stench  
Clutching at clarity no longer entrenched  
In someone else's blood I am drenched  
A grisly, gore-soaked, gratuitous gut-wrench

Cranium pulped and pulverized  
Gray matter bruised and brutalized  
No nose, no face, no mouth, no eyes  
Disgusting dreams now realized

Death courses through blackened veins  
Another life so cruelly slain  
As they endeavor to explain  
The depths of my depravity  
Now madness I embrace  
Leaving the world to face  
The disgust I felt replaced  
With a numb tranquility  
The abhorrence I impart  
Within the bowels of the torn apart  
Makes you so sick at heart  
Behold my art and be

Disgusted  
Engulfed in the unclean  
Disgusted  
Inundated by thoughts obscene  
Repulsed and fascinated  
Enthralled and nauseated  
Disgusted
