

# Radiator Bitch

Exhumed

Moistened underage cunt  
Filthy chained up slut  
Beaten and bound to this fuming machine  
Scalded flesh excoriated and cut

Bludgeoned features contort in pain as a mallet strikes you dumb  
Malleated mammary glands, discolored and bruised to a purple hue  
The sulphuric stench of evaporating urine scalds your nostrils  
Splatters with amber rivulets of liquid excrement

Subjugation of genitalia  
Taut, bleeding buttocks are pulverized  
Vainly you strain in tremendous pain  
As your anus is vulgarly sodomized

Face smashed into my excrement  
Vagina torn by my fist  
Manually administering coitus  
My helpless radiator bitch

Brutally raped and crippled  
Chained up and degraded  
Covered in blood and excrement  
Reduced to less than a human urinal

Your broken fettered body, crumpled on the smoldering contraption  
Bloodshot sunken eyes behold my sanguinary sardonic satisfaction  
Shattered mandible feebly shifts your broken teeth and the dung in your maw  
Steaming skin smouldering odiously as purulent blisters bleed red raw

Your limp labia hangs uselessly, stretched beyond their limitations  
Left in a pitiable state of abject and sexual dehumanization
