On my days off
When I have no plans
Maybe maybe maybe
I'm lonely lonely lonely

On days when I'm tired
When there's no one to hold me
Every day, every day, every day
I'm lonely lonely lonely

Typical texts at night, what are you doing, come out
I don't even get those anymore
All the guys who used to like me, guess they're all somewhere else
Now I regret not doing anything about all those guys
I don't wanna feel like that
I don't wanna feel like

I need I need a boy

Every day, at night rather than day
When everyone else is asleep, I get lonely
I don't wanna stay up all night then get up for work the next day
I don't wanna work, I don't wanna do anything

Everyone is asleep
It's already past 3AM
I came home after work again today
But I can't fall asleep in this cold and empty house
I feel empty, what should I do?
Who should I met, who should I call?
I think I need someone now
Someone who is awake at this hour

I need I need a boy
I need I need a boy

Rather than day
On this darkening night night night
I need a need a need a

Rather than day
On this darkening night night night
I need a need a need a
