Will you take me home
I don't want a drive
I can walk
Will you take me eh eh eh
Will you take me eh eh eh

Will you take me home
I don't want a drive
I can walk
It's okay if it gets a little cold, all you've got to do is
Hold my hand tight, mm will you take me home

No I don't want a drive
It's okay to walk a little
Don't feel pressured
There's no need to be
If you strut
Or if you're the master of 3b, I don't care
I I don't really care

I don't really care
Let's just walk slowly
Wherever you say you want to go
I will
Come with you, holding your hand
I can smile
So don't go anywhere
And stay by my side

Whenever I'm a little tired
(Hold me tight)
When I'm happy and smiling
(Smile brightly for me)
OH the only thing I want is

Whenever we do fight
Don't be mean because
I cry easily
Even at the smallest things

Will you take me home
I don't want a drive
I can walk
Will you take me eh eh eh
Will you take me eh eh eh

Will you take me home
I don't want a drive
I can walk
It's okay if it gets a little cold, all you've got to do is

Hold my hand tight, mm will you take me home

I just want to walk a little slowly
I don't want to walk fast and fall down
And get scarred

But why, why are you restless
No matter what anyone says, I'm telling you everything is alright
It's gon be alright
Don't you worry
It's ok don't be anxious

Whenever I'm a little tired
(Hold me tight)
When I'm happy and smiling
(Smile brightly for me)
OH the only thing I want is

Whenever we do fight
Don't be mean because
I cry easily
Even at the smallest things

Will you take me home

Will you take me eh eh eh
