EXID

I'm a little cheeky, oh, yeah  
But I can be uh  
Sweet like a tootsie roll, yeah  
And everytime, I light it up on fire  
They think that they can handle  
So I'ma be uh hot like

Ooh, hot like at tteugeo  
Nan nune bul kyeo da buljilleo

You'll never wanna let go, oh, yeah  
Here I go breaking your heart  
Too happy flying solo  
So we could never be more, oh, oh, oh  
I can make you go up in flames, light the fire  
I'll never promise I won't let you down  
'Cause you and I both know  
My love is hot to hold  
And I don't wanna be that girl
