I know I know I know
I know I know I know
I know I know I know
I know I know

They say stop it
That man's not right
You're too good for him so please
Get a hold of yourself

I say but I like him
He's not that bad
I'm gonna see him a little longer and then
Leave him

Close unnies around me and
My sister all try to convince me
I already know that this isn't it
I know and I'm still with him
I'm testing my courage
I get depressed because he doesn't text me
I get drunk even though I can't drink and
I drunkenly stare at the phone
My heart cries with sadness

I know that this isn't right

So why am I still doing this
I already know so why am I doing this again
I know that it's never going to happen
But why do I keep these lingering feelings for you
I'm such an idiot
Am I the only person who is like this oh

I know I know I know
I know I know I know
I know I know I know
I know I know

He gets angry like the fire
And I get burnt like dry kindling
We face each other and
He rattles my insides like it's over
His feelings and point of view are always so important
Makes me agonize in the tension of the silence
Anyway I loved him
Just the way he was

Don't say you don't know why
I kept waiting even though he wouldn't call me
Don't say you don't know why
I let it go every time you would do whatever you wanted
Now you tell me why
Now tell me what our relationship has been
Everyone tells me to stop seeing you but I'm still

I know that this isn't right
So why am I still doing this
I already know so why am I doing this again
I know that it's never going to happen
But why do I keep these lingering feelings for you
I'm such an idiot
Am I the only person who is like this oh

They say stop it
They tell me to stop seeing you
That they really care for me
So that's why they say so

I say yeah I know it
That I already know
I hate myself to death
For being this way

I know that this isn't right
So why am I still doing this
I already know so why am I doing this again
I know that it's never going to happen
But why do I keep these lingering feelings for you
I'm such an idiot
Am I the only person who is like this oh

I know I know I know
I know I know I know
I know I know I know
I know I know
