

# Foe Hammer

Exmortus

What was I  
Deepest dark abyss  
Black iron  
Heavy metal force of steel  
Insidious  
I brought the balance  
Soul stealer  
Descending that you feel

(chorus)  
(?) on my quest  
None (?) the power of a sword  
Those who remain shall know my name  
Foe Hammer

Murderous  
Symmetry renewed  
Red vision  
Fill my (?) with hate  
Carnivorous  
Feeding flesh and blood  
Perpetual  
Now nothing combat

(chorus)

(solo)

What was I  
Deepest dark abyss  
Black iron  
Heavy metal force of steel  
Insidious  
I brought the balance  
Soul stealer  
Descending that you feel

(chorus)

Bite my blade  
Taste my steel

You will bite the blade  
Taste the steel

(solo)

Even more slain than fall  
Men shall fall
