These are my girl problems

Uh alright, girl problems
Yeah, that's right uh

The image of the vivid dress
That makes me come to my senses

Is it alright if I keep it to myself?
Sugar candy honey baby, a sweet trap
Is unfair because of its sweetness

Girl you should be mine
I have no intention of hurting you, baby
It's not a game to me
Are you also feeling so happy, so happy
It's obvious

The guy you spotted in town
Was just someone who resembles me
After all there's only one answer girl
Cause you are the no. 1

Do you like strawberries?
Wanna catch a movie?
Oh yes, me too, always earnest
But girl problems in both hands
Do you like chocolate?
Is it sweet on your lips?
Oh yes, me too, it's only you
But they're real, girl problems
My phone won't stop ringing
Too many unread messages
Tonight, anywhere
There's no way I can escape
These are my girl problems

I've come to my senses, stinging cheek pain
The feeling in my hands, I'm blank on my bed
Sugar candy honey baby, a sweet trap
It's unfair because the trap is waiting

The guy you spotted in town
Was just someone who resembles me
After all there's only one answer girl
Cause you are the no. 1

Do you like strawberries?
Wanna catch a movie?
Oh yes, me too, always earnest
But girl problems in both hands

Oh yes, me too, it's only you
But they're real, girl problems
My phone won't stop ringing
Too many unread messages
Tonight where should I go?
There's no way I can escape
These are my girl problems
Reverberating high heel sound
The knocking on the door
Tonight, anywhere
There's no way I can escape
These are my girl problems

Dear stars scattered all over the sky
Can I make a wish now?
(I wish my problems away)
Once that day breaks
I'm brand new yeah

Cause you are the no. 1
