Artificial lover

Artificial lover, from the beginning you
Even your true form is undercover cover

I believe that this was love
I know you aren't real but

It spread without a reason
My thirst which craves for you
Our relationship is superficial
Your romance is calculated and that's your limit
Senses are distorted and
The borderline of reality is unclear

She don't love me
To me you were artificial love
Your pure artificial love
Tell me what is the truth and what is a lie
Can't trust this

You got that
Fake smile, artificial love
Fake tears, artificial love
Fake love, artificial love
That is your your
Love love oh oh
No no oh oh

I know it's not right
But I still come looking for you
I know that this isn't meant to be
But I don't want to give up
Now you wanna play me
You have everything that I want
You are perfectly built, a cold
Artificial love

Artificial lover
This love exceeds the lethal dose
It's an uncontrolled addiction
Chew the scar and spit it out
Unpredictable emotions
My heart is filled with tears
Like the rising tide on sand
You rise up again more

You're like a cold breath
In the early morning air
You cut through the frigid sky
Whoosh, see how you disappear
It took some effort to turn off the light that is you
I even erase all afterimages of you
You know why, artificial lover

She don't love me
That's right, artificial love
Empty artificial love
Tell me what is the truth and what is a lie
Can't trust this

You got that
Fake smile, artificial love
Fake tears, artificial love
Fake love, artificial love
That is your your
Love love oh oh
No no oh oh
Love love oh oh
No no oh oh (Uh, listen up)

I wanted your true love
That you promised me
I will imprison myself
In a sweet midday nap
Which will light a new way

Yeah, turn it up

Artificial lover

You got that
Fake smile, artificial love
