Fire does not know how to stop
I have a hot open time all over my body

Feeling reborn shining dazzlingly
All hands reach out but I'll show you Oh

A definite chance to re-value
I can not afford to compare me anywhere

Blow up in front of you now
We glow up Everybody wants me

We drive 'em crazy crazy
We do it daily
We shine and our eyes are far away

Shinin 'shinin' just like a diamond
Blindin 'blindin' you like a diamond
Shinin 'shinin' just like a diamond
Blindin 'blindin' you like a diamond
Shinin 'shinin' just like a diamond
Blindin 'blindin' you like a diamond

I do not want to avoid it
It adds light to the transparency and completes me

My appearance has become so brilliant now
Forever beside you
Oh, it will not change

I'll finish it
Everything is new and I have a sense of common sense

Blow up in front of you now
We glow up

We drive 'em crazy crazy
We do it daily
We shine and our eyes are far away

Shinin 'shinin' just like a diamond
Blindin 'blindin' you like a diamond
Shinin 'shinin' just like a diamond

Blindin 'blindin' you like a diamond

Oh if you want baby (if you want)
Baby I prove myself for you
My values are forever

Shine on, shine on
Shine on, shine on
Shine on, shine on, shine on

I'll finish it
Everything is new and I have a sense of common sense

Blow up in front of you now
