

# Don't Go

Exo

The small fluttering of your wings seemed like it was telling me to follow you

The sad eyes and tacit stories in your heart that night in which the whirlwind was raging

I was mesmerized by the mysterious you and stared at you and had my one soul stolen

Because I am completely drunk at your movements, I even forgot how to breathe

Like a waltz, I sit lightly and can't take my eyes off of you

My eyes naturally follow you every time you walk

Guide me yeah take me together with you to the place where you live

Oh even if the world ends, I'll follow from behind you so please don't go out of my sight

Even when the morning comes, don't disappear oh

This walk that I'm dreaming

You're my only beautiful butterfly

Oh, woo-hoo-hoo oh yeah- woo-hoo-hoo yeah woo-hoo-hoo

Wherever you came from, or wherever you're going, up until now you always kindly greet me

A steep climb, the cliffs that cut off, don't worry because there is no place to be afraid of

Your elegant figure oh I fall for it many times

Like this love, without even me knowing, comes and finds me unexpectedly

Like a waltz, I sit lightly and can't take my eyes off of you

My eyes naturally follow you every time you walk

Guide me yeah take me together with you to the place where you live

Oh even if the world ends, I'll follow from behind you so please don't go out of my sight

Even when the morning comes, don't disappear oh

This walk that I'm dreaming

You're my only beautiful butterfly

Oh, woo-hoo-hoo oh yeah- woo-hoo-hoo yeah woo-hoo-hoo

Even if we wander in unfamiliar places, even if we get lost

I'll follow my heart that's more honest than anyone else's

Because I can't resist your quiet movements that strike me, and your sharp and soft gaze

Take me yeah take me together with you to the place where you live

Oh even if the world ends, I'll follow you

Oh no don't go out of my sight

Even when the morning comes, don't disappear oh

A small wave of your hand makes a whirlwind strike in my heart

Woo woo hoo~ woo woo hoo~ woo woo hoo~
