You could be my only star  
You could be the moonlight  
Just like this, let's be forever, forever

Forever

Girl you know you got me up  
Believe me, my heart is racing like crazy, that's all mine  
Yeah, I was wandering and found the pin ball  
Make me feel so  
Nothing can compare with how you make me feel

Even if we can't find the edge of this universe  
It's strange, because I can feel you  
No matter where you are

'Cause you

You could be my only star  
You could be the moonlight  
You're all I need in my world forever

I run to you, through the darkness  
I'll hold you close to me through this crazy race\*  
Let's make it forever, ever

Don't disappear, this is the end for me  
We'll never find a love like this again  
Don't break my seoul  
Your gaze, words, and everything forever  
Forever

When the morning finds us  
I'll cover you warmly with my whole body  
Hold me close to you, too

Even if the sun rises, without you I'm cold  
(No matter where you are)  
Even if I'm soaked in rain, I'm thirsty thirsty

I run to you, through the darkness  
I'll hold you close to me through this crazy race  
Let's make it forever, ever

Don't disappear, this is the end for me  
We'll never find a love like this again  
Don't break my seoul  
Your gaze, words, and everything forever

Only let me see you  
Come into my arms so nobody can touch you  
Let me hold you  
Just like this, let's be forever, forever

Forever

Yo, nice skirt You push me up to the mound  
Pitcher go, she's the baddest  
One around the town  
Put it to work, you shine like metal  
In front of her, I can't help but be shallow

She gets it all, she's tonight's top celeb  
Hit me and we're going hard  
Now it's official, let everyone know you're mine  
Something completely raw

Hold up, I let go of it all  
You're all I have left  
Let's take this to the end, rock and roller  
We have the same fate, the quarter's already been tossed  
You're the controller that moves me  
Feel our soul, forever  
I'll run to you

I run to you, through the darkness  
I'll hold you close to me through this crazy race  
Let's make it forever, ever

Don't disappear, this is the end for me  
We'll never find a love like this again

Don't break my seoul  
Your gaze, words, and everything forever
